PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

UT-846

The services and equipment being procured by this Contract No. UT-846 are in furtherance of the 25X1A
Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

This Amendment No. 1 to Contract No. UT-846 with covers several clarifications in the contract; the most important of which is the emphasis on delivery and the designation of the area of work which is most sensitive and which requires special agreement with the Contractor. In addition to the foregoing the amendment allots an additional to the contract to cover Contractor's performance through 15 December 1964.
